EDUCATION

Oregon State University

Ph.D. in Computer Science

June, 2021 - June, 2026 (Expected)

GPA: 3.84/4.00

Indian Institute of Technology, Ropar

B.Tech in Computer Science and Engineering

July, 2014 - May, 2018

RESEARCH EXPERIENCE

Graduate Research Assistant

Advisors: Fuxin Li, Stefan Lee

June, 2021 - Present

Oregon State University

- Working on Point Cloud World Models (PCWM), a model-based RL algorithm that is robust to view-point changes and occlusions for table-top robotic manipulation tasks [1].
- PCWMs showcase very high sample-efficiency compared to both model-free and RGB-D model based methods on table-top robotic manipulation tasks.

Visiting Researcher

Advisor: Sungjin Ahn

Aug, 2019 - May, 2021

Rutgers University

- Worked on unsupervised generative latent variable model for object-centric scene decomposition [3, 4].
- Investigated how structured belief can enable sample-efficient agent learning in POMDPs [2].

Post-Bacc Research Assistant

Advisor: R. Venkatesh Babu

Sept, 2018 - June, 2019

Indian Institute of Science, Bangalore

- Worked on accurately localizing people in dense crowds via point prediction and detection [5].
- Proposed a shift from the prevalent density regression based methods to localize people in *in-the-wild* scenes. [6]

Undergraduate Thesis

Advisor: C.K.Narayanan

Aug, 2017 - Feb, 2018

Indian Institute of Technology, Ropar

- Proposed a cross-modal, generic end to end network that exploits the shared and the unique features of visual faces and caricatures for the task of verification and classification. [7]
- Introduced the *CaVI-dataset*, a benchmark consisting of visual and caricatures of 205 celebs.

Google Summer of Code

Advisors: Bharath Ramsundar & Karl Leswing

June, 2018 - Aug, 2018

DeepChem

- Worked on incorporating U-Net architecture into DeepChem library.
- Worked on adding data transformations suitable for medical images as a part of the library.
- Ported ResNet to DeepChem and shipping a pretrained model for further use by the users of DeepChem.

Undergraduate Research Internship

Advisor: R.Venkatesh Babu

May, 2017 - Aug, 2017

Indian Institute of Science, Bangalore

- Trained a deep neural network model for generating HDR images from LDR images.
- We proposed a deep model for the registration of images under varying illumination conditions.

- Developed a GUI version of Singular Value Decomposition, Gradient Descent, and Lagrange Multipliers depicting their geometrical interpretation.
- Chart.js, Plotly.js, Numeric.js and Algebra.js libraries were used to develop the tool.

SKILLS

Languages : Python, C/C++

Tools : Pytorch, Tensorflow, NVIDIA Isaac Gym, Pybullet, MuJoCo

AI Coursework: Artificial Intelligence, Intelligent Systems and Decision Making, Safe and Reliable Autonomy, Causal Inference, Natural Language Processing

ML+Vision Coursework: Machine Learning, Computer Vision, Advanced Computer Vision, Non-Linear Optimization

INVITED PRESENTATIONS

- | | |
|---|------------|
| 1. Invited Poster presentation of ACM MM work at Vision India Session, ICVGIP | Dec, 2018 |
| 2. Invited Oral presentation at CVPRW on Disguised Faces in the Wild | June, 2018 |

HONORS & AWARDS

- | | |
|---|------|
| 1. IEEE/RAS Travel Grant award, ICRA | 2024 |
| 2. Highlighted Reviewer Award, ICLR | 2022 |
| 3. Outstanding Reviewer Award, MICCAI | 2020 |
| 4. Invited for Poster presentation of ACM MM work at Vision India Session, ICVGIP | 2018 |
| 5. Secured an All India Rank of 2084 in IIT JEE | 2014 |
| 6. Kishore Vaigyanik Protsahan Yojana Fellowship (KVPY) Awardee | 2013 |

SERVICE & OUTREACH

| | |
|--|--|
| AI Graduate Application Support Program (AIASP) <i>Coordinator</i> | May 2022 - Present <i>Oregon State University</i> |
|--|--|

- Assisting in outreach, recruiting mentors for AIASP, and managing communication between the mentors and mentees for the program.

| | |
|---|---|
| Application & Research Mentorship <i>Mentor</i> | Sep 2020 - Sep 2021 <i>Independent</i> |
|---|---|

- Reviewed application material of undergraduate students who were applying for graduate programs.
- Mentored undergraduates in their research. Students are currently pursuing graduate studies at prestigious universities.

| | |
|--|--------------------------------------|
| Coding Club <i>President</i> | May 2016 - 2017 <i>IIT, Ropar</i> |
|--|--------------------------------------|

- Prepared the curriculum for introducing coding to undergraduate students who either did not have the exposure or were from a non-CS major.
- Taught weekly classes to undergraduates covering different topics in Data Structures and Algorithms.
